September 30, 2014 National Design Specification for Wood Construction 2015 Edition Download this file to your computer, accept and accept the terms of the AWCS end user license agreement (EULA), which can be seen here: finish the User license agreement. 254.1 General 264.2 Reference design values 274.3 Reference design values 284.4 Special design considerations 315 Structural structural timber structural structural 6311.1 General 6411.2 Reference Design Values 6511.3 Adjustment of reference design values 6512 Dowel type stakes ..... In 1977, the title was changed to reflect the new nature of the specification, and the content was reorganized to simplify its use. Those who use this standard assume all the responsibility of its use. The violation of copyright is a violation of the federal law subject to criminal and civil sanctions, and Errataunque All precautions have been taken to ensure the accuracy of this document, errors may have occurred during development. The updates or errata are published on the American Wood Council (www.awc.org) North American engineers. Special attention is given to section 2.1.2, regarding the responsibility of the design designers for particular final uses of the structures. Since the first edition of the NDS in 1944, the committee of associations has continued to study and evaluate new data and reveals in the wooden design. 7312.1 General 7412.2 Design values Reference withdrawal 7612.3 Reference Side design values 8012.4 Side load and combined removal 8612.5 Adjustment of the reference design values 8612.6 Mat'ltimos Fitrators 9013 Ring connectors and wear plate 11713.1 General 11813.2 Reference design values 11913.3 Placement of Split Ring and Shear Plate Connectors 12514 Timber Rivets 13114.1 General 13214.2 Reference for applications to a particular structure. Specification of American wood design for wood construction. The subsequent editions of the specification have included appropriate reviews to provide the use of said new information. NDS supplement: Design values for wood construction, the 2015 edition design dispositions in the NDS are comprehensive with values with values with values with values with values of Design in the NDS supplement. There is no authorized reproduction or transfer. Specification of American Wooden Councilor for Construction of Viable Wood of Content for the NDSPART/TEXT/GAZGINA OF TALE1 GENERAL REQUIREMENTS FOR THE STRUCTURAL DESIGNS ..... 11.1 SCOPE 21.2 GENERAL REQUIREMENTS 21.3 ESTIMARD 21.4 DESIGN PROCEDURES 21.5 SPECIFICATIONS AND PLANS 31.6 NOTICE 32 DESIGN VALUES FOR Structural members ..... 1 92.1 General 102.2 Reference design values 102.3 Reference adjustment Design values 103 dispositions and design equations ..... The specification subsequently obtained approval as a US-NFOs-1991-approved national standard with an approval date of October 16, 1992. 2015 SDPWS Standard ANSI / AWC SDPWS-2015: Special designer for the wind and the symsic standing provides criteria for the proportion, decaying and detailing engineering wood systems, members and connections in lateral force resistance systems. 5910.1 General 6010.2 Reference design values 6010.3 Reference design securities adjustment 6010.4 Special design considerations 6211 nu nu ne 'Azinagroer es 1991 ed n'Acide aL .aicnerefer ed sotnujnoc arap etroc ed sederap y samgarfaid ed lanimon etroc ed sedadicapac nanoicroporp eS ..... sacin;Acem format, and many sections were rewritten to provide greater clarity. In 1992, the American Forest & Paper Association (AF&PA) formerly the National Forest Products Association was accredited as a canvass sponsor by the American National Standards Institute (ANSI). The current edition of the Standard is designated ANSI/AWC NDS-2015 with an approval date of September 30, 2014. In developing the provisions of this Specification, the most reliable data available from laboratory tests and experience with structures in service have been carefully analyzed and evaluated for the purpose of providing, in convenient form, a national standard of practice. It is intended that this Specification be used in conjunction with competent engineering design, accurate fabrication, and adequate supervision of construction. AWC does not assume any responsibility for errors or omissions in the document, nor for engineering designs, plans, or construction prepared from it. The NDS Supplement contains design values for sawn lumber, structural glued laminated timber, and round timber poles and piles. The 2015 Wood Design Package brings together all required elements for design of wood structures in one comprehensive document. Includes integral commentary. By 1971, the scope of the Specification had broadened to include additional wood products. 436.1 General 446.2 Reference Design Values 446.3 Adjustment of Reference Design Values 447 Prefabricated Wood J-joists ..... 477.1 General 487.2 Reference Design Values 487.3 Adjustment of Reference Design Values 487.4 Special Design Considerations 508 Structural Composite Lumber ..... 518.1 General 528.2 Reference Design Values 528.3 Adjustment of Reference Design Values 528.4 Special Design Considerations 549 Wood Structural Panels ..... Reproduction or transfer was not authorized. AMERICAN WOOD CONCILNATIONAL DESIGN SPECIFICATION  
FOR WOOD CONSTRUCTION III FOREWORD The national design specification for wood construction (NDS) was first published by the Association of Na-Lumber Nation Manufacturers (currently the American Wood Council) (AWC) in 1944 , under the National Specification Tyulus for the Wood of Strvel and its Fasting. From a renewable resource  
that absorbs and kidnaps carbon, the wood product industry makes products that are essential for everyday life. life.
